

## WINTHROP PARK

CITY OF MELVILLE

APPROXIMATE CONTRACT VALUE:  
\$100,000.00

Winthrop Park included the supply and installation of irrigation works to a sports field which houses various sporting clubs including Soccer and Cricket. The park was hydro zoned so the active playing field received a higher volume of water as compared to the passive areas.

Works included:

- The removal of turf for mainline work using turf cutter
- Replacement of Kukuyu turf for mainline works
- Working to a tight timeframe to accommodate sports club
- Completing works station by station to keep playing surface in best possible condition throughout the duration of the project.
